Players must conduct themselves in a manner so as not to bring the game into disrepute.

Examples:

- Failure to comply with the directions of tournament officials
- Theft
- Assault
- Verbal abuse
- Bad language
- Abuse of equipment – throwing clubs, breaking clubs or use of clubs other than within the intentions of the game.
- Ill-mannered behaviour
- Inappropriate dress
- Entering and then failing to appear at a tournament
- Failing to complete a round or failing to return a stroke play card

Disciplinary – as set out in the NZG Club Manual – Strategic Plan & Policies

Anti Doping – as set out in the NZG Club Manual – Strategic Plan & Policies

Harassment Policy & Procedures – as set out in the NZG Club Manual – Strategic Plan & Policies

Disputes Procedures

It may be that there is a dispute out on the course away from anyone who could adjudicate. Here is the procedure to follow.

The player who is disagreeing with the outcome of the hole needs to make a 'claim' following the procedures set down in the Rule 2-5. To do this she must:

1. Tell the opponent she is making a claim
2. State the facts as she sees it
3. Say she wants a ruling

All this must happen before you tee off on the next hole. If the dispute happens on the 18th this should happen before you leave the green.

Get on with the game

The game will continue until the dispute becomes of no consequence in the result of the game. That is, even if the disputed hole is counted as lost it doesn't matter to the result.

If, at the end of the game, the dispute cannot be resolved in the clubhouse, the matter should be referred to Canterbury Golf for a decision.

The practice is for the team captains to sign the sheet if they agree with the result. If there is an unresolved dispute, we would normally expect the sheet to be **unsigned**.

In that case the facts will need to be presented to us by way of a letter of explanation from both teams where necessary and Canterbury Golf will make the decision.

PACE OF PLAY

Players should play at a good pace. It is a group's responsibility to keep up with the group in front. If it loses a clear hole and it is delaying the group behind, it should invite the group behind to play through, irrespective of the number of players in that group. Where a group has not lost a clear hole, but it is apparent that the group behind can play faster, it should invite the faster moving group to play through. The host club will monitor the pace of play.

Players should be ready to play as soon as it is their turn to play.

DEFAULTS

Clubs are urged to field full or part teams for all rounds of the competitions. Complete defaults should be a last resort because of the effect it has on the competition results.

HEALTH & SAFETY - DAILY REQUIREMENTS

- a) The Canterbury Golf Official on duty (eg. Tournament Director or Convenor) is the designated Emergency Officer and Health & Safety Officer for that day.
- b) Where there is no designated person from Canterbury Golf on duty, the Host Club is responsible for nominating a person to take on this role. This may be the Host Club's Team Manager, a Club Committee Member, or other member nominated by the club.
- c) That person will complete the Event Health & Safety Sheet prior to the commencement of play.
- d) All Health & Safety matters or concerns should be addressed immediately and directly to the Canterbury Golf Official on duty. That person is responsible for taking any action required.
- e) All Players, Managers and Officials should be familiar with the NZ Golf "Suspension of Play" procedure documented in the NZ Golf Club Manual Section 5-9. This is summarised below:

How suspensions of play and the resumption are indicated –

1. Normal Suspension of play – three consecutive short notes of a hand siren.
2. Immediate Suspension of play for a dangerous situation – one prolonged note of a hand siren.
3. Resumption of play – two short notes of a hand siren.

Rule 5.7b illustrates what players are permitted to do in each situation after the siren has sounded –

1. Normal Suspension of play
 - a. If the players in a match or group are between the play of two holes (ie. Walking to the next tee) they must not resume play until the resumption siren sounds.
 - b. If the players in a match or group have started the play of a hole, they may either discontinue play immediately or continue play of the hole, provided they do so without delay. Play must be discontinued after the hole has been completed.
2. Immediate Suspension of play for Dangerous Situation
Play must be discontinued immediately following a long blast on the siren. If a player fails to discontinue play immediately, he is disqualified.

Lifting ball when play discontinued – Rule 5.7d

When a player discontinues a hole (either normal suspension or Immediate suspension) he or she should mark the position of their ball and lift it without penalty.

Procedure when play resumed – Rule 5.7c & d

Play must be resumed from where it is discontinued, even if it is a different day. If the marker has moved it must be estimated and the ball placed on the estimated spot.

EXTREME WEATHER GUIDELINES

- **For temperatures 30°C and above, the host club may suspend or abandon play, in accordance with Rule 5.7b. Play should not be cancelled prior to teams arriving at the course and commencing play.**
- **Temperatures should be verified by NZ Met Service or on-course information.**
- **Interclub conditions of play require abandoned matches to be declared null and void as we cannot guarantee alternative dates and courses. However, every effort will be made to reschedule.**

PLAYER AND HOST CLUB RESPONSIBILITIES

Host clubs should monitor play and ensure that extra water and drinks are available around the course.

Players should take every possible precaution to manage their golf activities during hot weather. The following guidelines should be observed:

- Wear light coloured, loose fitting clothes, with high wicking (absorption) properties that provide for adequate ventilation.
- Wear head covering for shading – full cap/brimmed hat recommended.
- Use cart-mounted umbrella for shade.
